zero - number of
people turned away
because of their
inability to pay.

At the Y, we support individual health and well-being but, we also see each person as part of a larger whole. The word community is used a lot around here; it drives our mission as an organization. Community means that no one is excluded - from the benefit of our programs or from the responsibility to strengthen the ties that bind us together.

Please contribute generously so no one is turned away.
